

Wrexham Supporters Association Football Commentary

**Be with us every kick of
the way!**

Wrexham might have been relegated from the Football League, but the battle to return begins right here and you can join it from the beginning while at the same time helping one of the town's longest-standing charities.

Praise for the broadcast:

The commentary is excellent...

The Wrexham Supporters Association Football Commentary is one of the longest running broadcasts of any kind in Wales, having been established in the 1950s.

Indeed, one of its earliest assignments was to cover the famous visit of the legendary Busby Babes Manchester United side to The Racecourse!

“

It's a fantastic service...

The broadcast has moved with the times, expanding enormously since the early days when commentary on home games was piped directly into the wards of Wrexham Maelor Hospital, pre-dating even the Hospital Radio station.

“

”

The commentary is on the money...

Building on such a history of innovation, we now broadcast across a variety of platforms, providing full commentary on all Wrexham games, home and away, and offer a range of other services to Wrexham fans.

“

Detailed and excellent...

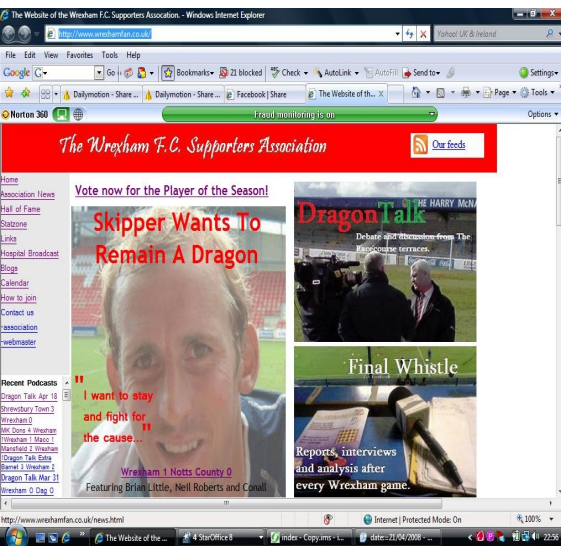

Apart from maintaining our core activity of commentary to the hospital, we also broadcast on Wrexham's official website, Wrexham World, have two popular podcasts offering match reports, exclusive interviews and analysis, and provide commentary via portable apparatus to blind supporters within The Racecourse.

These broadcasts are now available using the latest, state-of-the-art ISDN broadcast equipment, ensuring crystal-clear sound quality.

Fantastic win, fantastic commentary...

Furthermore, the thriving website of the Supporter Association, www.wrexhamfan.co.uk, is not only the home to our podcasts but also features exclusive video interviews with players and management, plus our popular video blog which enables fans to see behind the scenes at every game home and away and share the experiences of our commentators as they travel across the country in support of Wrexham. With hits exceeding a thousand a month at the end of last season, it's establishing itself as one of the first ports of call for online Dragons fans.

As you can see, we certainly keep ourselves busy with the wide range of services we offer.

However, all work for the broadcast is undertaken by volunteers, so we rely on donations and sponsorship to survive.

We are offering a selection of exciting sponsorship packages to suit every pocket for those who would like to support our work.
